

The imageFORMULA ScanFront 400

High-speed standalone document scanner with powerful integration features.

- High-speed dedicated network scanner – no PC required
- Scan to email, network folder, FTP, USB, printer or fax
- Ideal for office sharing or decentralised branch scanning
- Scan documents, cards, passports and much more
- Large 10.1" (25.7cm) touchscreen
- Advanced security and user management features

Software Development Kits are available from canon-europe.com/bsdip

Canon

Explore. Inspire. Improve.

WORK SMARTER AND SAVE TIME

Introducing the imageFORMULA document scanner range from Canon

Highly versatile scanners with reliable media handling, the natural all-round choice for office departments and workgroups.

 **imageFORMULA**

Canon

Explore. Inspire. Improve.

The imageFORMULA DR-M260

- **High performance:** Achieving speeds of up to 60 ppm/120 ipm
- **Designed in response to your needs:** Robust design and improved paper-feeding performance
- **Precision paper handling:** Productive scan speeds in both colour and black & white and an ADF capable of handling 80 sheets
- **Easy operation:** Enhanced productivity, with DR chip delivering high-speed scanning
- **Rich software:** With an array of advanced software, it provides a comprehensive, complete scanning solution

¹ A4 landscape

A4 Flatbed Scanner Unit 102

Scan bound books, journals and fragile media up to A4 by adding the simple to connect, via USB cable, optional Flatbed Scanner Unit 102. The flatbed unit works seamlessly with the main scanner in a smooth dual-scanning operation that lets you apply the same image-enhancement features to any scan.

A3 Flatbed Scanner Unit 201

Enjoy a seamless dual scanning operation with Canon Flatbed Scanner Unit 201 attachment to the select Canon imageFORMULA scanners providing greater versatility and precision when scanning books, journals and fragile documents up to A3.

Wi-Fi Unit WU10

The portable WU10 enables wireless scanning to mobile devices, delivering a truly mobile scanning experience without the need to connect via cable to a network point or external power.
