RECOsystems RECO LAM 325

laminator for laminating pouches (A3)

The RECOsystems RECO LAM 325 is a very popular machine for office, copyshop or print houses. The machine is ready one minute after switching it on. It can laminate pouches with thicknesses from 2x75 - 2x250 mic. The temperature is constant but the speed level changes if you change the pouch thickness. For pouches with 2x75 mic the speed is about 2000 mm/min. If the pouches are thicker the speed gets slower. The machine is very easy to use and gives you the opportunity to make fine adjustments.

SPEED OVERVIEW

foil thickness	speed
2 x 75 mic	approx. 2000 mm
2 x 100 mic	approx. 1300 mm
2 x 125 mic	approx. 1000 mm
2 x 175 mic	approx. 650 mm
2 x 250 mic	approx. 540 mm

technical specifications:

- working width: A3, 320 mm
- pouch thickness: 2 x 75 - 2 x 250 mic
- max. total laminating thickness: 1 mm
- speed: 2000 mm/min at 75 mic
(the thicker the pouch, the slower the speed)
- heating up time: 1 min
- temperature constant, speed depends on pouch thickness
- reverse function
- automatic switch off function
- no carrier needed
- 6 rollers
- 1750 W
- 230V, 50 Hz
- weight: 6,2/ 5,5 kg
- dimensions: 600x180x240 mm / 520x370x130 mm *

*packing size/machine size (width x depth x height)
